

Start your new, higher paying, Career Now!

At the Training Institute of Elgin we offer you a chance to train for industry specific certificate exams. We have classes in CompTIA® A+, Network+ Security+ and more.

For Microsoft® we offer training using the MOAC training manuals with incorporated hands on labs. MCSE, MCSA, MCITP, MCTS, MCA, MCDST, and many more.

Certifications help prospective employers' know your skill level.

Some of the other Microsoft certificate trainings we offer include:

- 70-270—Windows XP®
- 70-642—Windows Server 2008® Network Infrastructure
- 70-646—Windows Server 2008® Server Administration
- 70-640—Windows Server 2008® Active Directory, Configuring
- 70-620—Windows Vista® Client
- 70-680—Windows 7® Configuring

We also offer the Cisco® CCNA and CCND1, and CCDA exam preparation training.

Membership in our self-study program is only \$75.00 for 6 months. You get access to all our training materials including practice exams and study aids.

We are a 501(c)(3) Registered public charity and all donations are tax deductible to the fullest extent allowed.

What is a Certificate Testing Center?

A certificate testing center is a place you can go to receive industry specific certification test delivery for a variety of companies. We offer you a chance to get your testing in one place. Our testing center is equipped with multiple testing stations so there is no waiting for the day and time you want for your test.

All of our testing stations are private and secure, we also offer assistive devices such as headphones and earplugs to block out ambient life noises..

Our testing equipment is up to date with **Microsoft®** Windows7 operating systems, all flat panel monitors and optical mice.

If you are in one of our job training programs and are testing with specific exams that offer a discount you may be eligible for up to a 50% discount off the normal testing price.

Our **flex schedule** lets you start and stop self paced job training classes if you have a personal schedule change. You are not locked in to a specific time and day each week.

Here is a list of just some of the certificate training classes we offer:

Microsoft® Office Classes:

- Word 2007-2013
- Excel 2007-2013
- PowerPoint 2007-2013
- Publisher 2007-2013
- Outlook 2007-2013
- Access 2007-2013

Membership includes a discounted price on ALL Certipoint exams and no sitting fees for any Certipoint exam. (\$15.00 sitting fee for non-members)

CompTIA's E2C program gives members a discount on the exam pricing. Below are some sample prices from the program:

Exam	Normal \$	Discount\$
A+	\$199.00	\$93.00
Network+	\$285.00	\$143.00
Security+	\$311.00	\$200.00
Server+	\$285.00	\$231.00
Project+	\$285.00	\$144.00
Cloud+	\$285.00	\$144.00

Certificate Training Classes include:

Microsoft® Operating Systems:

- Windows7®
- Windows 8.1®
- Windows 10®
- Microsoft MTA Testing
